

DIVYANSHI GUPTA

Full-Stack Developer | React | Node.js | .NET

+91-7017796542 · divyanshi2028@gmail.com · [LinkedIn Profile](#)

Professional Summary

Full-Stack Software Engineer with nearly 3 years of combined internship and professional experience building web applications, REST APIs, and enterprise workflows. Experienced in React, Node.js, Express.js, C#, ASP.NET Core, Angular, SQL Server, and MySQL, including multi-tenant SaaS licensing, e-commerce, inventory management, authentication, API integrations, and AI-integrated wellness backends.

Technical Skills

Languages: JavaScript, TypeScript, C#, Python, SQL/T-SQL, HTML, CSS

Frameworks: React, Node.js, Express.js, Angular, ASP.NET Core, .NET 7+, MVC, Razor Pages, FastAPI

Backend & Security: REST APIs, JWT, Google OAuth2, API Integration, Authentication, RBAC, Multi-Tenancy

Databases: SQL Server, MySQL, Stored Procedures, Query Optimization, Dapper

Tools & Concepts: Azure DevOps, CI/CD, Docker, Git, GitHub, Postman, Jira, OOP, SOLID, Agile/Scrum

AI/ML: ML Model Integration, Personalization Workflows, Trend Analysis

Professional Experience

Software Engineer – Full Stack | Sanskriti IT Solutions Pvt. Ltd., Noida

Jun 2024 – Present

- Developed REST APIs, backend services, authentication workflows, and database operations using C#, ASP.NET Core, SQL Server, and frontend technologies.
- Contributed to a multi-tenant License Administration System with feature-based SaaS licensing and RBAC, reducing manual license assignment effort by 40%.
- Implemented JWT authentication, Google OAuth2, role-based access controls, and audit logging; optimized SQL queries and stored procedures.
- Improved Angular CMS load time by 35% through lazy loading and API response caching; supported code reviews, testing, debugging, and Azure DevOps CI/CD workflows.

Android Developer Intern | Sanskriti IT Solutions Pvt. Ltd., Noida

Feb 2024 – Jun 2024

- Integrated REST APIs for login, signup, and OTP workflows; contributed to code reviews, regression testing, and defect resolution.

Selected Projects

License Administration System

.NET | C# | ASP.NET Core | Angular | SQL Server

Built a multi-tenant SaaS licensing system for centralized license administration, feature-based access control, and streamlined license assignment.

Dating Platform – Full-Stack & .NET Backend

React | Node.js | Express.js | ASP.NET Core | SQL Server/MySQL | JWT | OAuth2

Developed authentication, profile management, discovery and matching workflows, REST APIs, Google OAuth2 integration, and JWT-based sessions. Implemented subscription tiers and premium feature access in the full-stack version.

Sales Inventory Management System

.NET | Angular/React | SQL Server/MySQL | JWT | Azure

Developed inventory and stock-tracking workflows, GST/non-GST invoice generation, modular APIs, and role-based access controls.

BellezBuy – E-Commerce Platform

React | Node.js | MySQL | Brevo

Implemented product catalogue and order-management workflows, payment API integration, and transactional emails for OTP verification, password resets, and notifications.

WellMove – AI-Powered Wellness Platform

Python | FastAPI | REST APIs | AI/ML | MySQL | JWT

Developed user-management and health-data APIs with JWT authentication; supported personalized recommendations using trend analysis, adaptive goals, and smart notification triggers.

Boutique Management System

React | Node.js | SQL Server

Developed workflows for product records, customer management, order processing, and inventory operations.

ASP.NET Calculators Suite

ASP.NET Core MVC/Razor Pages | C# | SQL

Created web calculators for EMI, HRA, GST, TDS, auto loans, and net-worth calculations.

Education & Certifications

B.Tech, Computer Science & Engineering | Meerut Institute of Engineering and Technology

Aug 2020 –

Jun 2024

Certifications: Microsoft Azure Fundamentals (AZ-900) | Microsoft Azure AI Fundamentals (AI-900)
